

Polar Air Website Customization Questionnaire

Use this document to collect the owner details needed to customize the Polar Air website and social media mockup.

Instructions for the owner:

- Please answer directly under each question.
- If the mockup wording/design should stay as shown, write "Keep as shown."
- If a number or claim is not verified yet, write "Need to verify."
- Please attach any logo files, team photos, truck photos, jobsite photos, certificates, license information, reviews, or brand assets you want used.

1. Business Name, Logo, and Brand Identity

Screenshot: Logo choices shown in the mockup

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the logo picker, website header logo, hero logo, footer branding, and social profile images.

1. What is the exact legal business name that should appear on the website?

Answer:

2. Is the customer-facing name "Polar Air Express," "Polar Air Solutions," or something else?

Answer:

3. Which logo option from the mockup do you prefer: Option 1, Option 2, Option 3, or Option 4?

Answer:

4. Do you already have a final logo file? If yes, please provide PNG, SVG, PDF, or AI files.

Answer:

5. Are there specific brand colors we should use or avoid?

Answer:

6. Do you have a tagline or slogan you want used?

Answer:

7. Should the brand feel more premium, family-owned/local, fast emergency-service focused, budget-friendly, or commercial/professional?

Answer:

8. Are there any words, claims, or design styles you do not want associated with the business?

Answer:

2. Header, Contact Information, and Navigation

Screenshot: Header, navigation, and hero section

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the top blue announcement bar, phone number, navigation links, and "Schedule Service" button.

1. What phone number should appear on the website?

Answer:

2. What email address should customers use?

Answer:

3. What physical address or service-area location should appear, if any?

Answer:

4. What are your normal business hours?

Answer:

5. Do you truly offer 24/7 emergency service? If yes, are there limits, after-hours fees, or specific emergency criteria?

Answer:

6. Are you licensed and insured in Alabama? Please provide the exact license number and wording we are allowed to publish.

Answer:

7. Which navigation links do you want in the main menu? Current mockup links are Services, Why Us, Maintenance, and Service Area.

Answer:

8. What should the main header button say: Schedule Service, Book Now, Request Estimate, Call Now, or something else?

Answer:

9. Where should that button send visitors: phone call, contact form, booking calendar, text message, or another link?

Answer:

3. Hero Section and Main Message

Screenshot: Header, navigation, and hero section

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the first impression, main headline, subheadline, service area wording, and primary calls to action.

1. Does the headline "Cool comfort for the Gulf Coast. Done right." fit the business, or should it be rewritten?

Answer:

2. What is the most important message you want customers to understand in the first 5 seconds?

Answer:

3. Which locations should be named in the intro text? Current mockup mentions Spring Hill, Daphne, Mobile summers, cold fronts, and storm season.

Answer:

4. Should the homepage focus mainly on residential customers, commercial customers, property managers, or a mix?

Answer:

5. Do you offer free estimates, free diagnostics, second opinions, or paid diagnostic visits?

Answer:

6. What should the main buttons say? Current mockup uses "Book Free Estimate" and "Call (251) 555-0199."

Answer:

7. Should the hero include real photos of the owner, technicians, trucks, equipment, or completed installs?

Answer:

8. What makes your company different from other HVAC companies in the Mobile area?

Answer:

4. Trust Stats, Reviews, and Proof

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the statistic row below the hero, trust claims, review/rating claims, and credibility messaging.

1. How many years has the business served the local area?

Answer:

2. What year was the company founded?

Answer:

3. What is your current Google rating?

Answer:

4. How many Google reviews do you currently have?

Answer:

5. Approximately how many homes or customers have you served? Only include a number we can support.

Answer:

6. Are there any certifications, awards, memberships, manufacturer partnerships, BBB details, or financing partners we should show?

Answer:

7. Do you have customer testimonials we can use? Please provide the text, customer name/initials, city, and permission status.

Answer:

8. Are there any guarantees or promises we can safely publish, such as workmanship warranty, satisfaction guarantee, no-pressure estimates, or flat-rate pricing?

Answer:

5. Services Offered

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the service cards for AC, heating, indoor air quality, maintenance plans, light commercial, and emergency service.

1. Which of these services do you currently offer?
- AC install and repair

- Heat pumps
- Central air
- Ductless mini-splits
- Heating and furnace service
- Indoor air quality
- Whole-home dehumidifiers
- UV purifiers
- Duct cleaning
- Maintenance plans
- Light commercial HVAC
- Emergency service
- Other:

Answer:

2. Are there any services listed in the mockup that should be removed?

Answer:

3. Are there services missing from the mockup that should be added?

Answer:

4. Which brands or systems do you install, service, or prefer?

Answer:

5. Do you service both residential and commercial equipment? If commercial, what types of businesses or equipment?

Answer:

6. What are the most profitable or highest-priority services we should emphasize?

Answer:

7. Are there service limits, counties, cities, brands, or equipment types you do not work on?

Answer:

8. What wording should we use for emergency service?

Answer:

6. Maintenance Plan / Comfort Club

Screenshot: Maintenance plan, final CTA, and footer

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the "Polar Comfort Club" section, membership benefits, pricing, and maintenance-plan sales copy.

1. Do you want to offer a maintenance club on the website?

Answer:

2. What should the maintenance plan be called?

Answer:

3. How many tune-ups are included each year?

Answer:

4. What benefits are included? Current mockup shows 15% off repairs, priority scheduling, no emergency dispatch fees, and transferability.

Answer:

5. What should the monthly price be?

Answer:

6. What should the annual price be?

Answer:

7. Are there terms, exclusions, cancellation rules, or equipment limits we need to mention?

Answer:

8. Should plan members receive storm-season inspections, filter reminders, priority emergency response, or other perks?

Answer:

7. Calls to Action, Scheduling, and Footer Details

Screenshot: Maintenance plan, final CTA, and footer

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the final "Comfort can't wait" call-to-action, scheduling flow, footer text, legal details, and contact paths.

1. What is the preferred action for website visitors: call, text, submit a form, book online, request an estimate, or finance a new system?

Answer:

2. Do you have an online booking system, CRM form, ServiceTitan, Housecall Pro, Jobber, Calendly, or another scheduling link?

Answer:

3. What fields should the contact form collect?

Answer:

4. Do you want customers to upload photos or videos of their HVAC issue?

Answer:

5. What should happen after someone submits a form?

Answer:

6. What footer details should appear: license number, address, phone, email, hours, financing, service area, privacy policy, or social links?

Answer:

7. Are there legal disclaimers, financing disclaimers, warranty details, or offer expiration dates we must include?

Answer:

8. Social Media Profiles and Content Voice

Real talk: a free AC inspection that pressure-sells you a \$12,000 system isn't free.

We do flat-rate quotes. We tell you what's wrong, what it costs to fix, and what it costs to replace. Then YOU decide. No pressure. No commission games.

That's how we built Polar Air Express. #MobileAL

Tip

The 1 thing every Mobile homeowner forgets

Real

What \$400 mystery noise actually was

Use this screenshot to see which part of the website the questions below will customize.

What this affects: Facebook, X/Twitter, and TikTok mockups; social profile names; sample posts; tone of voice; and content strategy.

1. Which social platforms do you actively use today?

Answer:

2. What are the exact handles or page URLs for Facebook, Instagram, TikTok, YouTube, X/Twitter, LinkedIn, and Google Business Profile?

Answer:

3. Should the social voice be direct and urgent, educational, funny, family-owned/local, premium/professional, or another style?

Answer:

4. Are weather-based posts like heat index warnings and hurricane-prep reminders appropriate for your brand?

Answer:

5. Can we promote offers like free diagnostics, free pre-storm inspections, tune-up specials, or plan-member perks? If yes, what offers are real?

Answer:

6. Are there claims in the sample posts that should be changed, softened, or removed?

Answer:

7. Do you want content that criticizes pressure-sales tactics or "big HVAC companies," or should the tone stay more neutral?

Answer:

8. Who will approve social posts before they go live?

Answer:

9. TikTok / Short Video Ideas

Screenshot: TikTok / short-form video topic grid

Use this screenshot to see which part of the website the questions below will customize.

What this affects: the TikTok content grid, short-form video topics, customer education content, and on-camera personality.

1. Do you want TikTok or short-form video content included in the marketing plan?

Answer:

2. Who is comfortable being on camera?

Answer:

3. Which video topics are accurate and useful for your customers?

- Why an AC freezes up in summer
- Common Mobile homeowner HVAC mistakes
- Mystery noise diagnostics
- Hurricane HVAC preparation
- Filter checks
- Storytime / owner background
- Before-and-after installs
- Customer FAQs
- Other:

Answer:

4. Are there any topics we should avoid for legal, safety, or brand reasons?

Answer:

5. Do you have real photos/videos of jobs, trucks, technicians, tools, or equipment that can be used?

Answer:

6. Should short videos include pricing ranges, financing, owner stories, tech education, customer testimonials, or seasonal reminders?

Answer:

10. Service Area and Local SEO

What this affects: homepage copy, service-area sections, Google search targeting, and city-specific messaging.

1. What cities, towns, counties, and neighborhoods do you want to target?

Answer:

2. Which locations are highest priority for new business?

Answer:

3. Are there places you do not want to service?

Answer:

4. Do you have separate physical locations or only one service base?

Answer:

5. What search phrases do you want to show up for? Examples: AC repair Mobile AL, heat pump install Daphne, emergency HVAC Mobile, furnace repair near me.

Answer:

11. Assets Needed Before Launch

What this affects: whether the final website uses real proof, real photos, and verified business details instead of placeholders.

Please provide any available items:

- 1. Final logo files**
- 2. Owner/team photos**
- 3. Truck or van photos**
- 4. Jobsite or equipment photos**
- 5. License number and insurance wording**
- 6. Google Business Profile link**
- 7. Review/testimonial examples with permission**
- 8. Social media links**
- 9. Scheduling/contact form destination**
- 10. Financing partner details, if any**
- 11. Warranty or guarantee details**
- 12. Any existing brochures, flyers, or brand materials**

Notes:

12. Final Preference Questions

1. What do you like most about the mockup?

Answer:

2. What do you dislike or want changed first?

Answer:

3. Are there competitor websites you like? Please share links and what you like about them.

Answer:

4. Are there competitor websites you dislike? Please share links and what to avoid.

Answer:

5. If the final website could only make customers feel one thing about your company, what should that be?

Answer:
